Approved operator information and publication conditions

Revision 2.2, 04.11.2026. Approved source information, operator episodes and licence records are assigned to the corresponding profiles.

1. Betify (G05/E09 and related pages): the authored episode BETIFY-PK, disclosed in card CASH-PK-BETIFY, and the territorial registration restriction from Pakistan in the general terms 2.9 are approved. The individual successful episode retains its results; for new users from Pakistan, the specified registration restriction applies. The comparison retains all ten operators, the Betify restriction and the rating. Episode results and territorial conditions are considered separately.
2. 1Win (E01): the regulator's public licence record relates to the brand/domain 1Win. Details: 1Win N.V., registration No.147039, OGL/2024/587/0621, B2C, granted/active, with 26.03.2025; source https://cert.cga.cw/token?id=621, linked in the record domain 1win.pro. The licence record assigns the licence holder 1Win with the official regulator link. The authored account 1Win-PK, CASH-1WIN and its transactions are separate approved records for Pakistan; licence information and legal servicing of the account are assigned to the corresponding profiles. 1w and 1Win are considered separately.
3. Parimatch (E07): the approved descriptive operator notice establishes that the provider parimatch.com is a legal entity registered in Curaçao and holding a valid CGA gaming licence under LOK P.B.2024 No.157. The official regulator address is https://www.cga.cw/, the link attribute is nofollow. The operator notice, legal details and licence relate to the operator; publisher information is considered separately. CASTIANES B.V. does not relate to this operator notice.

The parameters and location of the exact desktop endpoint of the G03 demo are established in revision 2.1.
